(3) Requires additional evaluation before a final recommendation can be made.

Additional recommendations for the school or parents:

(4)	Not medically eligible for: 🗌 All Sports
	Specific Sports
Speci	ÎV

Increasing Dynamic Component \rightarrow \rightarrow \rightarrow \rightarrow

Sport Classification Based on Intensity & Strenuousness: This classification is based on peak static and dynamic components achieved during competition. It should be noted, however, that higher values may be readred during training. The increasing dynamic component is defined in terms of the estimated percent of maximal oxygen uptake (MaxO₂) achieved and results in an increasing cardiac output The increasing static component is related to the estimated percent of maximal voluntary contraction (MVC) reached and results in an increasing blodd pressure load. The lowest btal cardiovascular demands (cardiac output and blodd pressure) are shown in lightest shading and the highest in darkest shading. The graduated shading in between depicts low moderate, modeate, and high moderate total cardiovascular demands. "Danger of bodily collision. Thcreased risk f syncope occurs. Reprinted with permission from: Maron BJ, Zpes DP. 36th Bethesda Conference: eligibility recommendations for competitive athletes with cardiovascular abmormálites. *J Am Coll Cardiol*. 2005, 46(8):1317–1375.

I have examined the student named on this form and completed the Sports Qualifying Physical Exam as required by the Minnesota State High School League. The athlete does not have apparent clinical contraindications to practice and participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

Provider Signature	Date of Exam
